Associated CAD Solutions was established in 1999 to serve a growing need in the marketplace for a dedicated Structural Steel Detailing service provider with the technical expertise and flexibility to meet the demands of industry.

Our steel detailing service comprises the following;

- General Arrangement Drawings
- Material and Bolt Lists
- Fabrication Drawings
- Material Take-Offs
- Connection Details
- Tonnage Estimations
- Transfer of NC files

Each project that is undertaken by ACS is assigned a dedicated project manager to;

- Liaise with our clients to establish project requirements and schedules
- Co-ordinate the smooth transfer of information between the Design Team and ACS Detailers
- Ensure all design changes that may arise are responded to effectively and efficiently minimising impact on delivery schedules
- Ensure our clients expectations are exceeded
