

## HOW TRIMBLE CONNECT LICENSING WORKS

Thank you for choosing Trimble Connect for Structures. With the same license you have access to basic Trimble Connect functionality and Structures workflow tools (Tekla Warehouse)

There are **2 steps**, first granting the license and then inviting to the actual project:

### 1. License

After your purchase, you receive an entitlement letter:

Dear Customer,

#### *Your Tekla Account Licenses*

Configuration	Product Code	License Type	Order ID	Qty	Expiry Date	License administration tool
Trimble Connect for Structures	TRC-C-R12 Enterprise	127206	1	2018-02-28	<a href="http://account.tekla.com">account.tekla.com</a>	

#### **Tekla Model Sharing licenses**

As your licenses are delivered to Tekla Account, all employees in your organization are by default assigned Model Sharing active. There is more information about license administration in [Admin guideline to purchasing and managing Tekla Model Sharing licenses](#).

You can find all Tekla Model Sharing related information in [Tekla User Assistance | Tekla Model Sharing](#)

#### **Tekla Field3D licenses**

Your licenses are delivered to Tekla Account. Choose the employees to whom you want to assign your Tekla Field3D licenses. There is more information about license administration in [Admin guideline to purchasing and managing Tekla Field3D licenses](#).

You can find Tekla Field3D related information [here](#).

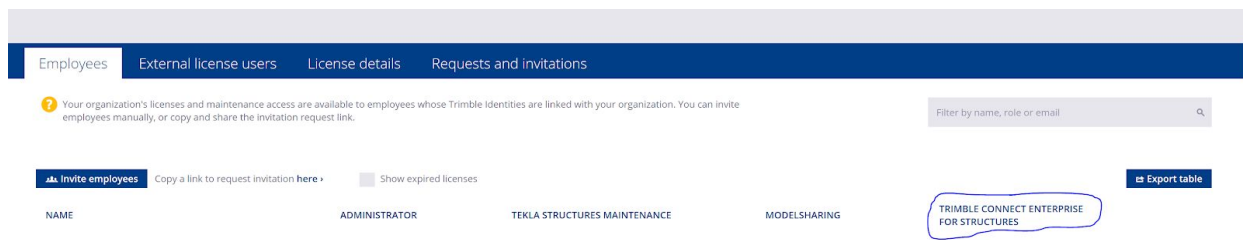

#### **Trimble Connect licenses**

Thank you for choosing Trimble Connect. From page <https://www.tekla.com/thanks-for-choosing-trimble-connect> you can find information on how to get started and what services we offer to you.

Best Regards,

Your Tekla Software Team  
Tekla Structures Support Finland  
[tekla.support.fi@trimble.com](mailto:tekla.support.fi@trimble.com)  
Tel: +359 30 0811 554  
<http://www.tekla.com/fi/palvelut>

Now you have an access to [ATC licensing tool](#). You should have a product item called “Trimble Connect Enterprise for Structures”:

Now you can start to invite people for Trimble Connect license. You can find more information about the invitation process from [here](#). Please note that despite the contractual quantity of license (aka. How many “agreed seats” on a COSLA) you have an access to their floating enterprise license. This means that technically we allow the end customer to exceed their contractual quantity (if we sell 5 licenses, technically they have unlimited number of licenses). The user only needs to be on ATC internal or external user list.

In practice, every person invited to ATC (employee/external user) have a Trimble Connect license **by default**. The admin can remove the license from the person though.

For more information about ATC licensing, please visit (it is for Tekla Model Sharing, but same rules apply also to Trimble Connect for Structures with exceptions mentioned above)

[https://teklastructures.support.tekla.com/not-version-specific/en/managing-tekla-accounts-and-model-sharing-licenses?s%5B0%5D=1&s%5B1%5D=1&s%5B2%5D=1&s%5B3%5D=1&s%5B4%5D=1&f%5B0%5D=ss\\_language%3Aen&f%5B1%5D=im\\_field\\_rev%3A1435145&f%5B2%5D=im\\_field\\_rev%3A50894](https://teklastructures.support.tekla.com/not-version-specific/en/managing-tekla-accounts-and-model-sharing-licenses?s%5B0%5D=1&s%5B1%5D=1&s%5B2%5D=1&s%5B3%5D=1&s%5B4%5D=1&f%5B0%5D=ss_language%3Aen&f%5B1%5D=im_field_rev%3A1435145&f%5B2%5D=im_field_rev%3A50894)

## 2. Project invitation

Now the person has a commercial Trimble Connect license and they can create a project or can be invited to a licensed project. When you create a project, you can see the license here, “choose subscription for project):

**New Project** ✕

Please enter the following details for the new project

**Name**

This value is required.

**Image**

**Choose project server location** i

▼

**Choose subscription for project** i

▼

[More options](#)

And you can see it here in the settings:

Delete Project

When you invite new people to the project, you need to do first step 1 here first and then invite. If the users is signed in Trimble Connect, they need to sign out and sign again in for the license entitlement.
